

Doormat

Stangton Academy... The only academy known for its allowance of Mage frats. Many other college academies wouldn't even consider the thought mainly due to Mage stigma. Alas, not only had the academy fought against the mold, it also propped up its mage-centric sports teams and events. Its student body was also notably more tolerable to its mage population. Perhaps due to location among other factors...

But... None of that mattered in the end...

This was a story about a rat named Doormat...

Well... Doormat was what he wanted everyone in the frat house to call him. He was shorter than the average rat and sported well-kempt brown fur with grey accents near his muzzle and ears. His tail was very lithe for a rat and normally used it as another hand in a lot scenarios. Scenarios like-

****Knock****

As the door to the frat house opened, a black and brown harlequin rabbit, a blue and gold husky, and an albino rat would walk in while conversing with each other.

"And like I said, 'Bro! You're a fucking mage can't you just magic it yourself!?' And he was all like 'No dawg. That's not how that works.' Bullshit that's not how it works!"

"Ooof~"

The husky chuckled at the rabbit. "Yeah I can believe it Ray. Mages always say there's limits to their powers but then still pull the craziest shit."

"Huff~"

Ray nodded at him. "Right!? Like I just got done watching Oscar levitate and move their fucking frat stone to another part of their frat's lawn."

"Hnnng~"

“Wait that was Oscar doing that shit?” the rat looked up from his phone in shock. His shock quickly turned to anger. “That pathetic goat twink is a MAGE!?”

“OOOH~ *Huuff*~”

“Exactly! You just can’t tell at all! And they just LIE TO YOU!” Ray looked hurt from his tangent. “Like shit bro, I don’t mind mages but like don’t fucking lie to me...” He would shake his head. “Hmph... So many people are so fake.”

The husky nodded. “Yeah. Makes me wonder if we have any mages hiding our frat.”

“*Mmmph*~”

“Well... Any ‘other’ mages...” The husky quickly corrected himself. He then turned and looked down at the source of the quiet moans. “Speaking of mages, enjoying yourself Doormat?”

There, lying completely naked on the inner door to the frat house laid Doormat, the frat house’s well... doormat. He was the frat’s first line of defense against long, tiring days. All members could simply walk in and rest their tired paws on something that will relax anyone’s strained foot muscles. With a bit of magic and technique, even the most tired fratboy would start to feel relaxed. And relaxing someone was all Doormat wished to do~

Doormat could only cast a joyful and welcoming glance at the husky. He would have said something back but there seemed to be white rat paw smothering his muzzle. “Hhrrrng~”

“Oh he’s enjoying it Les.” The albino rat was smirking evilly as he rubbed his paw over the smaller rat’s muzzle again. “I can even feel the rat-fuck licking my pads. Heh.”

Les would begin smirking similarly to his friend. Meanwhile, Ray would turn around fully and give the display a stern frown. “Get off of him Lloyd.”

The tall rat frowned. “Daww~ But he likes it!”

Les chuckled. “Heheh. Yeah he’s right Ray. Are we going to deny our mat his pleasure?”

Ray looked between them both and shook his head. “We have frat party stuff we need to get ready for before the new grads get here. Plus, homework!”

The mere mention of “homework” was enough to make the two’s smiles disappear. Les groaned. “Uuuugh! I HATE being Frat Leader...”

Lloyd would remove his paw from Doormat’s mouth. The smaller rat would whimper as the bigger rodent’s paw was lifted from him mid-lick. “Hf-fuck...” He frowned as the warmth on his face disappeared. All the poor rat could do was look on in longing as the strand of saliva from Lloyd’s paw was stomped out as they walked away. “*D-Damnit...*”

Lloyd continued grimacing as he walked past both of his friends. “I just hate that we got forced into Admin because of everyone graduating... It’s so fucking stupid that we get left to fix this place up.”

Ray merely shrugged. “Hey. The sooner we get some of this shit off of our checklist the sooner we can relax.”

The rabbit then proceeded to walk out of the foyer and into the living room. Les continued grumbling as he followed Ray. Lloyd merely rolled his eyes and silently followed.

The two rodents would share a long, mysterious look. Lloyd’s red eyes pierced deeply into Doormat. The smaller rat returned his look with a frown. His eyes seemed to be an empty yellow void. They were begging... Begging for an extreme need...

“I’ll be back Doormat...” Lloyd would whisper. *“We’ll get back to this later...”*

Doormat’s eyes lit up at those words as the taller rat left for the living room. He would remain eerily still until he witnessed the door to the room close. He then raised his hand and snapped his fingers, disappearing instantly...

3 hours later...

Les flopped himself on the living room couch with a sigh. “HAAAghh... Fuck man!”

Ray remained standing as he seemed to check off something on the notepad he was holding. “And... I think that’s good enough for today. We can relax.”

“FUCKING FINALLY!” Les repeated louder. He hastily removed his shirt and settled in his t-shirt. “Where is my footrest? DOORMAT!” He looked around frantically and flexed his paws.

Lloyd would appear from another door. A bowl of popcorn and a rack of sodas were held in both of his hands. “You called Lesty~?”

The husky rolled his eyes in exasperation. “WRONG RAT! Give me my footstool!”

Lloyd waved him off and found another part of the couch to sit on. He would place the bowl on the table and break off 2 cans from the rack and toss one each to both of his friends. “Relax Les. He’s a mage. He has an entirely different schedule to us.”

Les glared at the albino with his icy blue eyes. “I don’t fucking CARE! I’M TIRED MAN!” He wailed akin to a child. “If I need someone who I can shove my paws up the ass of, I DESERVE that someone being here on command!”

The rat merely shrugged. “He’ll get here in his own time. In the meantime, there’s a cool table sitting right in the middle of the room bro.” He then raised and flexed his own pink paws before lowering them on the table.

As if on cue, an all too familiar yellow flash would blink were the table was. Instantly, the table was displaced and Doormat would find his muzzle coated in the warm pads of Lloyd. “Huuff~ S-Sorry team. My class ran long. Mmmh~”

Ray and Lloyd chuckled as they would hear the mage audibly sigh in relief. They would watch him press his muzzle deeper into Lloyd’s paws.

“Uff~ Not a problem Door. Keep my paws warm yeah?” Lloyd gave him a warm smirk.

Les scoffed. “Bruh! What is this favoritism huh!?” He put down his drink and rolled himself off the couch. He stomped over to the mage and hung precariously over him. “You would think after unifying like a thousand years ago species favoritism would have dissolved. Guess I was wrong huh? Rodents do only like other rodents...” Les stuck his snout up in pure disgust.

To the average person, the husky looked and sounded vindictive. But Doormat knew him well... All too well... Any time the dog was angry. In reality... he was simply horny.

The tiny rodent didn’t respond to Les’s complaints. Instead, he would let his yellow eyes glow. As he brought up his free hands to rub Lloyd’s warm, glorious paws against his cheek, kissing and licking the soft skin, his tail also began to move.

Les slowly began to smirk at the silence. “Hmph! That’s what I thought! Y’all have nooo excuuu- Uuuoooh~ F-Fuuuckk~”

The husky’s prideful look vanished as his eyes trailed down to a long pink tendril slowly creeping through his pants. He shivered as he felt his own cock pop out of its sheath at the warm feeling. “Oooh~ Huuff~ Yesss!”

Ray rolled his eyes as he witnessed Les fully give in to his lust. The husky practically ripped off his pants and tossed away his underwear. The husky gasped even louder as the tip of Doormat’s tail prodded at their sheath.

“Haaah~ Th-That’s sooo good~” Les brought a hand down to part more of his soft sheath. Doormat’s tail seemed to already know the spot. As the smaller rat continued smothering himself in Lloyd’s paws, his tail quickly got to work coaxing more of the dog’s member out of its hiding place.

“Typical Doormat.” Lloyd chuckled. “You know all of us mmmf~ So well...” The taller rodent had unapologetically unzipped his pants and flexed his paws again. He smugly began stroking his own erect cock. “Huff~” The rodent would turn to his rabbit friend. “Finally want in Ray?”

Ray had maintained a bored look the whole time. While the harlequin rabbit always found Doormat’s antics hot, it was never for him to join. Even if he wanted to. “You know I can’t Lloyd... Not until I graduate at least.”

“Come oooon Raaaay~” Les sensually smiled at him. His cock was now at full mast, its knot being the only part visibly still within the sheath. “Th-There’s no freshmen around- HOMYGODSMYKNOTMYKNOT!”

The husky began to see stars as Doormat’s tail still wriggled within his sheath. With a few more subtle movements the husky’s gigantic pink knot was forced out of the warmth of its sheath. The feeling of the rodent’s tail around his whole member was his weakness. All it took was the tip of the tail to slowly, sensually, curl around the throbbing organ before it got what it wanted.

“OOOH! HNNG~!” Les fervently thrust into the tail as his balls tensed. His hot, white load shot between the small opening Doormat’s tail had left. The stronger spurts managed to land on the tiny rat’s paws and legs. “Huuf~ Mmmf~ Hnng~ F-Fuuuck~”

Lloyd chuckled at the sight. “Hehehe~ Yeah thankfully there’s *Uff*~ not any freshmen. I wouldn’t want to have to explain to them how much of a lustful, degenerate their frat leader is.”

“SHUUUTUUP LLOYD! HAAAAgh~” The husky gripped Doormat’s tail tightly as he finished his orgasm. His tongue lolled out of his mouth as he began panting heavily.

The big rodent merely smirked as he continued stroking his now leaking cock. His was a darker shade of pink in comparison to both Les and Doormat and obviously lacked the knot that only canine or hybrids would have. Lloyd was as purebred as it got. His length matched his husky friend but bore a normal uncut look. His balls, however, dwarfed everyone else. The product of good genetics, the rodent’s sizeable orbs were enough to make anyone want him. Tragic for ladies since he was only for the men. Thank goodness for his siblings...

Doormat moaned as he felt his lower body be coated with Les’s warm fluids. Warmth from the lovely paws he was licking... Warmth from the back with cum... More cum... He needed more...~ “Hffff~ Mmmf~”

Ray was quick to notice the shift in the smaller rodent’s eyes. “Oh... You got him cum drunk again Les.” He would take a sip from his soda before reaching for a remote.

Les said nothing. He was locked in his own high. Doormat’s tail had loosened slightly over his cock and he was more than happy to take more control over the rodent’s tail. He would grab the tail tip and slowly pull it out of his sheath. “Haaagh~ Hah, haaahh~” He shivered as he heard that satisfying ****POP!**** sound. His cock began to throb again as the pressure was released. “MMmph~”

The husky would continue shivering from the pleasure for a few more moments before wrapping Doormat’s tail around his waist. He never knew what spell Doormat used to make his tail like this but he was all the more ecstatic to abuse it every time.

He would moan once again as he precariously wrapped another part of the rat’s tail around the root of his knot. After marveling at his craftsmanship, he quickly locked on to the rodent’s pinkish hole a ways in front of him.

“Eww. You’re drooling Les.” Ray scrunched his face at the feral look. “Very unholy...”

Les side-eyed the rabbit darkly. “If a good-looking ass like Doormat’s is “unholy”, then call me a SINNER!” He would stomp towards the brown rat and loom over them. “THIS TAIL AND ASS IS MINE!”

Doormat merely blushed at the forceful lifting of his tail. He had long since stopped his growth spell and was shuddering at the warmth of the dog’s fluffy fur. He moaned into Lloyd’s paws “*Huffff~ Hnnng~*”

Lloyd smirked at the sight. “Heh~ Think I’m ready too.” The giant rat would pull his paws away from Doormat. He chuckled quietly at the brown rodent’s slight worry as his warm blankets were removed from him. Thankfully all it took was the two to share a look. “Hmph~ Look at what you’ve done rat-mage.”

He would flex his now wet paws. They were pristine in their cleanliness with the only evidence of who was responsible being the single remaining strand of saliva leading back to Doormat.

“*P-Perfectly cleaned paws~...*” Doormat whispered proudly at the sight. The albino rat’s paws gleamed brightly to him and while he missed their warmth, he was more excited about what was coming next.

Lloyd would flex his paws before wrapping his legs around the smaller rat’s neck. “Indeed~ Now, come here and clean something else.”

“OY! OY! Don’t you dare move that GLORIOUS ass from ME!” Les objected to both of the rodents movements. He tugged at the base of Doormat’s tail, keeping the small rat firmly planted near his hungry cock.

Lloyd tilted his head. “But I need this rat-fuck’s GLORIOUS mouth to warm my dick.”

“Ladies, ladies.”

The two turned to Ray. The harlequin had a more intrigued smirk, a constant result of them bickering. He would lean on his side, letting his leaking, caged cock be on full display. “Just let Doormat figure it out. He’ll know how to please both of you.”

The two would pause and look at the small rodent. Those piercing, mysterious yellow eyes looked back between them. They had seen this battle before and knew what needed to be done...

Les would feel his whole body shift forwards. He moaned as he felt Doormat’s tail seem to tug and pulled at him and his member. “Uufff~ U-Ugh. Th-That’s-

Mmh~” His annoyed tone vanished as he felt the tip of his cock press firmly against the mage’s anal ring. “Oooh~ Yes-yes~”

Lloyd smiled proudly as the room seemed to bend around him and Doormat. It was hard to tell if it was the smaller rodent moving or some kind of illusion but the reality was now that that tiny, cute rat was now sandwiched between his thighs and breathing in the smell of his balls. “Hehe~ There we go.”

“*Mmph~*” Doormat moaned quietly as his muzzle was assaulted with the lovely smell of the albino rat’s orbs. They smelled well-used and musky. All signs that the rodent had been hard at work. He would open his mouth while relaxing his lower body.

Lloyd pointed his long rod towards the tiny rodent’s maw. He grunted in pleasure as Doormat’s mouth quickly accepted it. “Huuff~ Good boy~”

“*Hnngg~ Ghkkl~*”

Les panted ferally as he slowly inched more and more of his cock into the mage. The cum from his previous orgasm was helping a lot. “Mmmph~ S-So fucking TIGHT! FUCK YEAH!”

“*MMMmmmpbb~ Hnnn~*” Doormat’s heart began racing as warm precum began spilling down his maw and pulsing into his lower stomach. Alas, that wasn’t what broke the rat. It was the warmth now surrounding his own member...

“HAHAHAHA!” Ray burst into laughter as he witnessed the tiny rat tense up. “Bro hasn’t even started and Doormat’s about to cum! Hehehe!”

Lloyd blushed as he watched the small rat’s eyes close. With a firm grip of his own paws Lloyd could feel the rodent’s smaller cock thrust into his paws.

“*Hnnng~! Hmmm~ Ggggghh...*” Doormat’s orgasms were always quick and active. Every pulse of his cock required him to thrust and his body to tense. His ass clamped on the canine cock in his rear as he coated his fellow rat’s paws in his cum.

“Huff~ You got them even more-mmmgh~ wet. Hehehe~ Gods I fucking love ya Door.”

“His ass is so PERFECT!” Les marveled at how good of a cock warmer the mage could be. He kept the mage’s tail solely around his root as he slowly began pushing his cock further and further until only his knot remained. Once he was sure of his footing would be begin pulling back out.

The husky smiled as he watched Doormat's lower body shiver as only the tip remained inside. Les then licked his lips as he firmly seized the rodent's tail. "F-Fuck~ It's time to RUIN this beauty!" Without another word, Les slammed his cock deep inside.

"MMMMPH~! NNNngh~" The brown rat's legs shivered and kneeled at the forceful thrust. Alas, that extra leverage was taken from him as the husky would seize his right leg as well.

Les gripped tightly as he firmly began thrusting in and out on the poor mage. The sounds of his heavy balls slapping against the smaller rodent's orbs filled the room.

"GHNNG~ MMMH~ MMMPH~!"

Each and every ***PLAP*** was met by a loud moan from Doormat. Despite his maw being filled with rat cock, his voice still echoed in pleasure all the same.

"Huuff~ HUFF~ It's soo GOOOD!" Les blushed harshly as he felt his balls tense. He felt the tail around his knot root tighten as he thrust one last time into the tiny rat.

Time seemed to slow down for him as he witnessed more and more of his giant knot invade Doormat's insides. The rodent's own paws curled in response as he began humping into Lloyd's paws again.

Water welled up slightly in the mage's eyes as his friend's knot forced another orgasm out of him. He feverishly spilled his seed onto the larger rat's paws as his lower body barely adjusted to the knot's size.

"GRRRR~ AAAGH~ T-Take it you FUCKING DOORMAT!" Les howled at the rooftops as he flooded the rodent with his seed. He could feel the mage's tail twitch and shudder as their ass was pumped full of cum.

"Mmmmp~ Ghhhh~ Fffff~" Doormat quivered as he felt his stomach bloat. It wasn't the worst the rat had dealt with but Les certainly pumped more than the average dog.

"Hehehe~ Such a fucking mess you're leaving." Lloyd's soft voice soothed the smaller rodent as he pulled his cum-covered paws away from Doormat's member. "Guess I should finish up too huh? Mages need to breathe after all..." He would then place his hand firmly on the brown rat's head.

The smaller rodent quickly recovered from their orgasm and prepared for the coming assault. He would give Lloyd a hopeful look before pushing himself to the very base of the giant rat's cock.

"HNNNG~ D-Damn~..." Lloyd couldn't help but shiver in pleasure as he felt that lovely tongue of the mage imprint itself on his balls. With every thrust, he felt the warm breath of Doormat grow hotter. He would thrust a few more times into the mage's hot muzzle as his balls began to tense.

"Uuff~ Mmmh..." Lloyd's orgasms were much more subdued than Les. He shifted forwards on the couch as he kept himself hilted with every throb of his cock.

"*Mmmh~ Ghhbk. Mmmmpb~*" There was an audible gulp with every spurt of cum from the albino's rod. Doormat felt happy at the taste. It had that entrancing sweetness the tiny rodent always enjoyed. He barely gagged from the river of cum. Lloyd was pretty much the only frat member he knew that consistently used his mouth.

He let Lloyd's seed fill his already bloated stomach more, instinctively bringing a hand down to it. It would take a few long moments for the giant rat's orgasm to end before attempting to pull back.

"Damn Lloyd, you just said to let him breathe." Ray took another long sip from his can. "Can't you make your orgasm shorter? I don't need our mascot dying."

The albino rolled his eyes before loosening his grip. Doormat was quick to fully pull back. He would quietly cough as air was no longer scarce to his lungs.

"There. Completed!" Lloyd would then crack open his soda and drink it. At the same time, he would release the mage from his leg wrap and begin to relax. "Now then! Movie time~"

"*H-Huffff~ Fuck~...*"

Les narrowed his eyes between them. "I hate both of you... ONE AND DONE!? REALLY!?" His look only became more disappointed at the silence. "Hmph! Fine! Come on Doormat."

"*Haaah~ Aaaagh~!*" The brown rat could only quietly whimper as his still wrapped tail was used as leverage for the husky.

Les practically dragged the poor mage to the couch and sat him on top of him.

Doormat slowly leaned back onto the husky's white chest. "*Mmmf~ M-Movie time...*"

"Yeah, yeah, yeah movie time..." Les brushed off the saying as he firmly grasped the rodent's tail. "Keep up your spell Doormat. I'll be fucking you again real soon. Understand?"

The small rodent merely looked behind him with a chuckle. While it was the start of a new year for Stangton, the mage was still glad he didn't have to deal with a whole new group of boys to *indoctrinate...*
