

### Desired Tales #13

Renato lived by himself in his apartment. While it did get lonely at times, he had several hobbies. He frequently went to the gym, but that wasn't what he was most passionate about. He loved gardening, but due to not having a front yard of his own, he had potted plants in his room which included his succulents and his favorite cactus. He was proud he was able to get his cactus to bloom. He was watering his plants when he heard a banging outside in the hallway. He waited for the sounds to go away. Impatience turned to curiosity as the banging didn't stop and only got closer.

Finally, Renato heard knocking on his door. For a split second, he thought about ignoring it. Renato's hand was fidgeting. He couldn't ignore it. Renato walked towards the door while the banging continued. Renato's hand reached for the doorknob and turned it.

Renato didn't believe his eyes at first. He saw something pig-like that was standing on two feet. It was a naked anthropomorphic furry pig-like creature. Its fur was brown, its stomach was round and portly, it had a snout with a pink nose with black dots at the tip, there were two short tusks, and there was a musky odor coming from the creature. Renato was confused. The creature at his door was an anthropomorphic male javelina, also known as a collared peccary.

The javelina took a step inside Renato's apartment, put his arms wide open, hugged Renato, and kissed Renato's lips! Renato felt the javelina's tongue inside his mouth! Renato wasn't pushing the javelina away. Renato's penis was getting hard. The javelina shook his hips and closed the door using his butt. The javelina spoke, "Sorry I was late. I lost my glasses while I was outside. I don't know where I exactly lost them. Once I realized I wasn't going to find them, I came rushing over here for our date."

Renato stuttered, "I... I don't know you." The javelina gasped, "What?" The javelina kissed Renato again. The javelina mentioned, "You don't kiss like my boyfriend." Renato responded, "That's what I'm trying to tell you." The javelina laughed, "You're joking. You think you can play a prank on me because I'm not wearing my glasses? I'm not going to argue. If this is the kind of roleplaying you're into, then I'll encourage it. It'll be fun."

The javelina put his four fingered-hoofed hands on Renato's face. The javelina kissed Renato again for several seconds. Renato's face developed a longer javelina snout while they kissed. Javelina fur quickly grew all over Renato's face, head, and neck! Renato was in a daze and not aware of everything that was happening. The musky smell became stronger for Renato. Renato started to have difficulty seeing. His javelina eyes gave him poor vision. The javelina now looked handsome to Renato.

The javelina's hands moved to Renato's shirt. The javelina giggled, "My boyfriend wouldn't be wearing this when we're alone." The javelina pulled on Renato's shirt. The javelina tried pulling the shirt up over Renato's head, but Renato's javelina head and muzzle was too big to easily accomplish the task. The javelina ripped the shirt while pulling. Renato's pecs and abs were now on display.

The javelina kissed Renato's abs. Renato giggled while the javelina's tusks tickled Renato's skin. Renato's abs started to bloat and gain fur. Renato developed a fat belly. The javelina moved his head and sucked the nipple on Renato's pec. Renato moaned and petted the javelina's furry head. Renato's pec became a man boob while his fingers became coated in a hoof material. Javelina fur spread up Renato's wrists to his arms. Once the javelina was finished with Renato's chest, Renato's top half was fully covered in javelina fur.

The javelina pulled down the rest of Renato's clothes. The javelina grabbed Renato's exposed penis. The javelina got down and tasted the shaft. Renato patted the javelina's head again while the javelina gave Renato a blowjob. Renato moaned loud deep breaths while getting sucked. Renato was disappointed when the javelina stopped sucking. Renato hadn't even come yet.

The javelina stood up and turned around. Renato's stared at the javelina's juicy butt. The javelina guided the penis between the javelina's butt cheeks. The javelina bumped his rear into Renato's hips and sent the dick deep into the javelina's anus! The musky smell got stronger. Renato's cock throbbed harder. Renato's javelina hands grabbed the javelina's hips. Renato pounded faster into the javelina's ass! The musky smell continued to get more powerful each time Renato's hips smacked into the javelina's butt cheeks!

Renato was too preoccupied with fucking the javelina that he didn't notice the changes that were occurring. Renato's legs were gaining chubby width that was quickly covered by javelina fur! Some of his toes fused to form javelina three toed-hoofs on each foot! His butt grew mass! A tiny tail sprouted from above his rear! A stinky musk developed from his now-furry booty! Renato didn't mind the smell that was coming from himself and the javelina. The scent was manly to him and making him hornier!

Renato spent several hours fucking the javelina until he ran out of energy! They both were lying on the floor. The javelina patted Renato's big furry belly. The javelina chuckled happily, "There's no denying that you're my boyfriend." Renato wasn't going to argue. He just had the best sex of his life and was already thinking about how he'd like to do it again tomorrow once his balls were no longer drained.

The javelina got up. His nose twitched and he walked over to Renato's plants. The javelina chomped and snacked on one of the succulents. The javelina blurted out, "My boyfriend never had a meal this tasty laying around..." The javelina suddenly remembered. He spoke out loud, "We broke up last week! That means... you're my new boyfriend!" The javelina grabbed another succulent and brought it close to Renato's javelina face. The javelina handfed the succulent to Renato. Renato never knew his plants could be so delicious! Renato kissed and cuddled the javelina for the rest of the night.
