

Desired Tales #10

Ross the hero and his crew were fighting enemies in the dark woods. His group only consisted of four members. Nelson the fighter, Huy the archer, and Priscilla the cleric. Priscilla had always been the only woman and healer on the team. The team could have had more women and healers, but Nelson thought they would be dead weight having to bring them through the swamps and other difficult terrains. Nelson wanted the team to be strong and pull their own weight. Nelson rolled his eyes whenever Priscilla had to be carried over muddy terrain.

Nelson would have preferred there being no healers and all warriors, but the team needed a healer to get rid of transformation effects. Multiple enemies with transformation powers existed in this world. Priscilla's healing ability always had the power to reverse transformations. Ross put Priscilla's on the team despite Nelson's objections.

They worked as a team going through the woods and defeating multiple enemies they encountered. Suddenly, the team got ambushed by a group of skunk hunks! The skunk hunks were always male anthropomorphic skunks with brute muscles and transforming spray. This wasn't the first time the gang had to fight skunk hunks. They've beaten skunk hunks numerous times before earlier in the day.

Ross used his weapons to strike the skunk hunks at the front. Nelson was also fighting the skunk hunks head-on. Huy used his arrows to snipe the skunk hunks from a distance. Priscilla stayed behind her teammates during battle. She healed the men as they fought the skunks.

A few of the skunks were already spraying their transformation magic into the air. Ross was growing a tail and his hands were becoming paws! Priscilla used her healing power on Ross to reverse the transformation while Ross continued fighting off the skunk hunks.

The battle raged on. Ross, Nelson, and Huy were defeating multiple enemies. They were too busy and distracted to notice a skunk hunk approaching from behind. A skunk hunk grabbed Priscilla and sprayed his magic!

Priscilla cried out! Huy turned around and used an arrow to destroy the skunk hunk that was holding Priscilla. Priscilla shouted, "Look out!" Ross quickly slayed a skunk hunk that was about to demolish Huy. The skunk hunk's last act was spraying. Priscilla used her magic to heal Ross and Huy.

Ross, Huy, and Nelson fought more skunk hunks that approached the group. A skunk tail started to form on Priscilla's rear! She hadn't healed herself. She was too busy healing the men. Priscilla felt a rush coursing through her veins. She wasn't fighting the feeling.

The men in her party hadn't noticed Priscilla was changing. They were too distracted destroying the skunk hunks that were attacking them from the front. They kept calling out to Priscilla whenever they needed healing but they never looked behind to see how Priscilla was doing. If they had, they would have saw her hands becoming paws and her face shapeshifting into a skunk muzzle. Priscilla healed the men without complaining or bringing any attention to herself.

After several more skunk hunks were defeated, the battle was finally over. The team was victorious but obviously had taken some damage. Huy had a skunk tail. Ross had a skunk muzzle and skunk fur on his neck. Nelson was the only one without any transformed parts at the end of battle.

Ross shouted, "Priscilla, heal me." Ross turned around and finally saw skunk Priscilla. Her ripped clothes barely dangling on her slightly larger furry body. Priscilla smirked, "Gladly!" Priscilla used her healing magic on Ross but this time something was different. Skunk fur was spreading all over Ross's body and his clothes were shredding due to the growth of muscles! The healing was increasing the skunk transformation!

Ross wasn't resisting. His hard erect cock dripped precum while moans escaped his skunk muzzle. Nelson and Huy watched Ross's class change to skunk hunk! Huy gasped, "Wow!" Ross suggested, "Priscilla, heal Huy." Priscilla aimed her magic at Huy. Huy moaned and grinned as his body grew slightly larger. Nelson grunted, "I'm out of here." Nelson ran away from the others. Huy class changed to skunk archer while Priscilla leveled up!

Huy mentioned, "I've gained a new ability! My arrows can now be used to transform people into skunk hunks! I should go after Nelson!" Huy dashed off and chased after Nelson. Priscilla and Ross were now alone.

Ross moved closer to Priscilla. Priscilla confessed, "I feel strange." Ross admitted, "I never felt this good before! We should have did this ages ago! You look stunning." Ross used his new skunk muzzle to kiss Priscilla. Priscilla's body was growing again! Muscles bulged! Her breasts reshaped into pecs! Priscilla's clitoris became massive as it transformed into a penis! Priscilla's moaning voice got deeper. Priscilla experienced a class change! Priscilla's class was now skunk hunk!

Ross laughed, "All that healing must have leveled you up enough for a class change! A skunk hunk! I guess that's why I haven't seen any female skunk hunks around here." Priscilla shrieked, "Do I look bad? I don't feel bad." Ross comforted Priscilla and stated, "No, Priscilla. You look fantastic." Priscilla responded, "But I'm a man now!" Ross smirked, "Every man should be envious of you." Ross kissed Priscilla again. Priscilla's dick became erect. Priscilla grunted from pleasure.

A lust was getting stronger inside Priscilla. His skunk paws pushed Ross to the ground! Ross fell to the ground. Ross smiled while looking up at Priscilla. Priscilla quickly grabbed Ross's foot paws and spread Ross's legs apart. Priscilla thrust his hips. Priscilla's penis rubbed Ross's butt cheeks.

Ross chuckled, "This is fun but you're doing it wrong." Ross's paw grabbed Priscilla's rod and shoved it between Ross's butt cheeks. Priscilla gasped erotically as the shaft entered Ross's anus! Priscilla's tail suddenly sprayed magic into the air! Priscilla's thrust his hips faster and pounded into Ross's butt! Several skunk hunks emerged and circled Priscilla and Ross. The

skunk hunks watched Ross and Priscilla have sex. After Priscilla and Ross were finished making love, a new team of skunk hunks was formed!
