

“Ngh! Ah! Nyaah!”

Rammy moans: Wrapping his arms and legs around the other, getting dicked by the pussyless woman. Her cock slides in and out, the Zoroark purring in delight. She strokes his booty, standing by the bed.

The lady fox smirks. “That’s right. Take my big, Zorocock, you thirsty *slut!*”

“Ah! Oh goodness, yes, Rammy!” he mewls, curling his toes. “Knock my ass up like how I’ve rocked your pussy, mmm.”

“That’s the intent, hun,” the futa Rammy states, giggling. The male Zoroark’s legs flail, his anus shivering at the woman’s knot smacking it nonstop. Her tits nudge his chest, both shivering in ecstasies. “Should’ve known your ass will feel great *just* from the dildos alone, hehe.”

The man purrs. “What can I say? My body, mmm, aims to please both the doms, the subs, and the switches alike!” His snout rubs against the woman’s, a smirk painting him.

Rammy purrs back. “Ah, same here hun, hehe.” She rams, spewing several pre-seeds.

“Mmm, *beautiful!*” The male Rammy groans, licking the futa’s lips. “Definitely living up to being me from another dimension~”

“The feeling’s mutual, mmm~”

The lady kitsune jams her dick nonstop, moaning more and more: Her knot *pleading* to infiltrate the Zoroark. Her tongue hangs loose, her eyes rolling up.

“A-Ah!” she exclaims. “God, I’m going to cum soon, Ram Ram!”

He squeals. “Same, my other Ram Ram!” Shudders. “Your cock feels magnificent: Absolutely *cathartic*, even!” And just like that, the fox releases his huge semen all over himself and his counterpart, mewling happily. “AAAH, fuck yes!”

Some of the seeds land onto Rammy’s face, the woman lapping it up.

“Ngh!”

Forcing her whole knot into him, she jets her loads upon loads of cum, howling in satisfaction. Those seeds bypass the knot barrier, splashing all over the floor—some even landing on the already messy bed! She moans, mewling alongside the man as she coats his asscheeks.

“Holy fuck, this is awesome!”

Rammy purrs at her comment, squirming. “Yes! YESSSS!!!” Growls. “*Fill* this slutty man’s ass to the brim, mmm~!” Stroking the other Zoroark’s head, he bites his lower lip. “Mmmf~!”

The other Rammy sighs, smiling and swaying her hips. “Good boy, hehe.”

PLOPS!

She withdraws her dick: Jizz *ushering* out of the hole like a marathon, the man whistling at the view.

“Whew...” He licks his lips. “You know: You’re not the only one that can change sex on the fly~”

The futa Rammy purrs, her head tilting. “Ooo?”

The guy kitsune snaps his fingers: His dick sparkling before shifting into that of a vagina. He doesn’t grow any

tits though as his voice remains in its light, male feminine state.

The Zoroark winks, his pussy leaking juices. “Hehehe~” He leans forward, whispering, “*Now how about you fuck my pussy up like how I did you?*”

The two simply grin: Shoving themselves into deep kisses, moaning while slamming on the bed.

...

“Mmmf! MMMMF!”

Rammy moans loudly during the passionate kisses: His legs entangling the other, his pussy being hammered and slammed. His walls squeeze around the shaft, his folds shivering at the knot crashing it.

“Mmmf!!!”

The fox lady moans along, railing the andromorph’s pussy. Her ass-buns quake and shake, the fox giggling, her tongue overpowering the other’s. The bed trembles, squeaking the loudest it ever has from the lady’s menacing slams into the guy. The male Rammy howls, his toes curling.

(So damn rough, nyah~!)

(So damn tight, ngh~!)

His stomach bulges, his poor womb being smacked and whacked nonstop. Finally, the woman pauses the kiss, panting.

“Take it. Take it real GOOD, you sex loving *freak~!*” She grins.

“Fuck yeah! Strike me down BADLY, you sex addicting *maniac~!*” He grins.

Rammy slams and slams, several pres oozing into the man. Rammy clenches and clenches, shooting his juices over the woman. The Rammys moan and groan, holding each other’s hands passionately.

The man’s tongue hangs, drooling.

“Oh fuck, I’m going to cum!”

The woman grunts, her knot inching close to the kitsune’s fortress.

“Ngh! The feeling’s mutual here, doll!”

Soon, her whole dick shoves into him, knotting.

“AAAH!”

Loads upon loads of cum fill the man’s womb to the brim, circulating throughout.

Rammy sprays his juices over the woman’s dick, his belly expanding as he moans loudly.

“Shit, AAH!!!”

Many seeds spill and paint his pussy along with the bedsheets, some even slipping off onto the ground.

The two mewl: Shuddering, panting—eyes rolling up in utter *bliss*.

The guy Zoroark sighs in relief, gripping the sheets. He gazes into Rammy’s turquoise, licking his lips. “*More...~!*” Is all he says.

The lady Zoroark smirks. “Knew you’d say that, you dirty slut.” She lifts the pussyboy, resting on her knees

before slamming him up and down: Another round proceeds. The man gropes her back, the knot sliding into him with ease.

“Oh god, yes! Oh fuck, your dick is *immaculate!*” Previous seeds escape after each thrusts, the Zoroark huffing: Moaning like sex hungry slut he is. “AAAH!”

The orb from before pulsates silently: The duo continuing their lotus position fuckfest as it remains behind them. The man’s asscheeks quiver, his pussy shuddering at the woman’s dick fucking him up. The other Rammy purrs, stroking his thighs, pulverizing his insides.

“That’s right, handsome! Take getting fucked by a woman like a good sex doll would~” She huffs, licking the man’s lips every now and then.

Rammy giggles, the kitsune squirting his juices over the cockgirl’s dick. “Oh absolutely, ngh!” He slams down, his stomach bulging, his body shivering. “Nyaah!”

Pre-seeds spread throughout the fox’s pussy as the futa speeds up, deepening the passionate thrusts. “Mmm. Fuck, ah!” Her dick twitches, her tits rubbing on the man’s chest as she hammers him nonstop. She says the following:

“That’s right! Have your womb be *obliterated!*”

“Yes!”

The lady fox pounds a couple more times before slamming deeply, casting her messy cum throughout him as she moans loudly. “TAKE IT ALL, YOU DIRTY SLUT!”

So much jizz escape the pussy, coating the guy fox’s asscheeks. He growls happily, squirting juices over the dick. “YESSSS! **CONQUER MY GOD DAMN WOMB WITH YOUR BATTERS, HGGGNH!!!**” He clings to her: Mewling and moaning endlessly, curling his toes in temptation.

Rammy closes her eyes, smirking in satisfaction. “Mmmm...~” She then gazes into her counterpart: Lust spiraling, passion rising. “Wanna have another go to prove your womb’s worth?”

The male Rammy gazes back, smirking. “Considering I fucked your pussy three times and you’ve handled it well: What do you think?” Winks.

The woman purrs. “Fair enough.”

Once she pulls her dick out—many jizz oozing along the way—she turns the man around and lifts him: Locking his arms and legs in place. He yaps, staring into the throbbing wood while in full nelson.

“Oh my!”

Rammy grins deviously. “Oh my, indeed!”

She jams her canine rod into the man’s cooch, fucking away. The duo moans: Seeds spilling, sounds of beauty echoing each thrusts. This is paradise incarnated!

“I swear the more I fill your pussy, the greater it feels!” Purrs.

The man snorts. “I could say the same for your dick, too!” Pants. “Oh fuck, it feels fanastic with each fill!”

The woman giggles. “Good! So glad I could please ya, handsome!”

The male Zoroark groans: His feet flailing, his toes curling—his mind blanking into heaven while being

vigorously pounded. His tongue hangs loose, forming an 'ahgao' look.

"God, keep it up, beautiful!" He mewls. "Holy *SHIT*, I want you to hurt this womb further!" He lashes more juices over the raging dick, neverending bliss sprinkling throughout him. "N-Nyaah!"

The female Zoroark giggles, fastening and deepening her thrusts. "I intend to, sweetie!" Her head arches back, her tongue hanging loose. Spraying pre-seeds after pre-seeds, her dick rams his pussy in breakneck speed, becoming borderline blurry. Her climax inches, the woman mewling.

The man giggles, holding up a peace sign.

"This slut is about to cum again!"

The woman giggles, smirking in deviants. "And so is this slut!"

The moment she slams into the fox is the moment they cum: Many seeds and juices spraying *everywhere*, including each other and the bedsheets, too!

It is a MESS.

"**AAAAAAAAAAAAH!!!**" they scream, drooling in pure delight. (HEAAAVVEEEENNN~!!!)

...

Rammy relaxes on his back: Cum oozing out of his pussy, his body coating in them. Rammy sits beside him, the woman scooping up the seeds before giving it a lick.

"Mmm..." Saliva trails from her finger, a grin plastering her face. "That was pretty hot, you know?"

"Very." The Zoroark purrs, his hands behind his head. "Man, I haven't done much of sexplay in awhile." Snickers. "I should do it more often. Never thought being filled in the pussy would be this...*hot*, hehe."

"You're telling me, haha." Rammy then gazes at the dildos beside them, licking her lips. "Say: Wanna peg me in the same way I've done to you?"

The male Zoroark gazes, contemplating his thoughts. "Hmm...Good suggestion." He shrugs, smiling. "Since we're still stuck here: Sure, why not." He grabs the three dildos, caressing them. "Which one are you in the mood for first?"

Rammy gazes at the collection of dildos: Looking from the humanoid one to the canine one and then to the horse one. "Hmm..." A finger rests on her chin, the Zoroark humming. "Let's do this in reverse: Start from the horse dildo, then canine, and then end it off with the human one~"

Rammy straps the horse dildo around his waist. "Sounds a-okay, to me!" He strokes the meaty toy, staring at the woman with lust. "Now how about you get on all fours so that Ram Ram here can give you the bam bam~" He blinks for a moment. "I swear that sounded sexier in my head, haha."

The lady giggles behind her hand. "Nah, it's alright. I say something that corny, too." She turns around, being on all fours.

The Zoroark gets behind her. "Heh. Fair enough." He slaps the toy between her fat buns, hotdogging it. The pussyless futa shivers, wiggling her toes in anticipation.

"Ready when you are, handsome," she says.

"I'm *always* ready, beautiful," Rammy replies back. He moves his hips before shoving, spreading the woman's

puffy hole.

“OH!” the other Rammy exclaims, her anal walls gripping and tightening around the rod. Rammy grins, moving back before slamming forth, doing this over and over. The woman gropes the sheets, the dildo’s tip hitting her belly nonstop.

“F-Fuck yes, ah!” She mewls, her booty clapping, her stomach bulging. “Oh goodness gracious, Rammy! You sure know how to, mmm, fuck!”

Rammy snickers. “I’m you after all, right?” He smacks the woman’s buns, quaking it as she moans. “I’d sure hope I could fuck, hehe.”

“Hah!” She pants. “Valid point, ngh!”

The futa Zoroark’s dick flails back and forth, the canine shaft spewing pre-seeds over the sheets. Her tits move back and forth, the fox biting her lower lip. (So rough! So passionate!) Rammy grips her ass, speeding up. She yaps. (Oh god, he’s a good pegger, alright! Mmm!)

The cocklady gnashes her teeth, her dick twitching, her climax nearing. Rammy gazes at the throbbing wood, the pussyguy smirking.

“About to blow so soon?” He giggles, juices trailing down his legs. “Go ahead, then. Cum as hard as you fucked me earlier, sweetie~”

“Nggh!!!” The lady Zoroark pants. “AAH!”

Another gallon of cum jets across the sheets: Spraying and splashing, some casting all over her, too. She moans loudly, stroking her left tit. Rammy slams into her, his hips hitting her behind. The fox releases a passionate purr, gazing down at the woman.

“Good girl~” He simply says, wiggling the dildo.

The kitsune gasps, shuddering. “M-Mm, yes. Ngh...~”

Once her climax slows, the Zoroark pulls his toy-rod out of her: Gazing upon at the gaping zoro-hole begging for more. He licks his lips.

“*Gorgeous view.*”

Without wasting further time, he takes the dildo off and grabs the canine one.

CLICK!

“Hey Rammy.”

The futa purrs, laying on her side as she gazes at her partner.

“Yes?”

“I got an *intriguing* position we can do. It involves you laying on your back.”

Rammy blinks with intrigue. “Oh?”

The man smirks. “Wanna try it?”

The woman caresses her chin, a claw gliding along. “Hmm...” Smiling, she rests on her back. “Alright then~”

Rammy sways his hips. “Now lift your lower body up.”

She does exactly that, her legs sticking up in the air. "Alright. So now wha—OH!"

The canid dildo nudges against her shaft, the fox's ass being at her view. The woman purrs.

"Aah. I see what you're trying to do, hehe."

Rammy smirks once more. "Hehehehe~~" He wobbles his voluptuous booty. "I wish I knew the name of this position since I do like it a lot."

"Can't blame you: It's a really fun one that hasn't gotten used all that much~" The woman lays her hands behind her head. "Now go ahead and do your worst, handsome."

The man winks. "As always, beautiful." He lifts his ass up, his dildo pointing right at the kitsune's anus before ramming down.

She shudders, purring. "Mmm~!" Her toes curl, the fox biting her lower lip as her ass gets railed once more. The other Zoroark moans, lapping up some of the previous seeds escaping his strap-on.

Licking it, he grins. "Sweet and tasty~" Purrs. "Just how I imagined your seeds to taste like: My own."

The female Rammy purrs back: Her anus clenching and tightening the dildo, her cock flailing back and forth. "Glad to hear, hun."

The orb pulsates once more, making the effort to appear again.

Rammy's dildo hits the ass-buns nonstop with its knot, causing his own behind to quake as well. The futa Rammy mewls: Her dick twitching, her arms spreading, and her legs shifting.

"G-God, this feels great!" she states, leaking pre-cum already.

"I bet it does, ya slut." Rammy grins, picking up the pace. "Take getting pegged, ya dirty lady~!"

"Ah! Ngyah!" Her stomach bulges at each tip, her dick twitching with anticipation.

Rammy's booty quakes, the andromorph grinning with delight. "That's it. Take it nice and good, beautiful!"

She squirms, her climax approaching, her teeth gnashing. "Ngh. Fuck!" Eventually, she oozes jizz all over herself, letting out a huge moan. She tastes some of her seeds via leaving her tongue out, eyes rolling up in bliss. (Fuck yes!) Is all she can think at that moment, purring.

Rammy keeps going and going until he shoves the whole dildo into her, growling.

"*Fucking* immaculate~" he exclaims, mewling in pure relief.

"No kidding, ah!"

The Zoroark giggles, wiggling the toy deep within the woman. She gasps, curling her toes in ecstasies.

PLOP!

The man pulls the dildo out, causing Rammy to panting heavily. Her lower body falls, the fox being fully on her back again.

"Mmm...~"

The male Zoroark takes the dildo off, tossing it aside. "Well that was lovely." He grabs the humanoid one, eyeing the kitsune with bedroom looks.

CLICK!

Rammy's ears flicker to the strap-on's mechanism, licking her lips. "You know, I'm glad that you have experiences with pegging, let alone being the one doing the pegging." She lifts her legs up and down. "Makes things easier on us, honestly."

The man grins. "Yep!" He twirls his finger around the dildo's tip. "Whenever I actually *do* use my sex-changing powers, it does give me ideas on how to please my partners via pegging." Giggles. "It's pretty magnificent, all things considered."

"Hah." Rammy lies on her side, her hand resting on her ass. "It's only natural to expect that answer from me~"

The male Rammy taps the woman's snout, causing her to giggle. "Right."

She then spreads her buns momentarily before smacking them, causing them to ripple. "Now come stick that thing in my ass already, handsome."

The man grins, lying beside the other Zoroark and wraps his arms around her: His dildo positioning towards her hole. "Will do, hun." He rams into her ass, pounding away. "Mmm~"

Rammy caresses her counterpart's head, the woman moaning and mewling at the spooning treatment. "Ngh. Ah!" Her tits bounce as she purrs. "Damn you're so amazing at this like—" yaps. "I can't stress this enough, handsome! Mmm."

The Zoroark grins, groping her right tit while nibbling her neck teasingly. "Thanks, hehe."

Rammy bites her lower lip, eyes rolling up intensely. "Keep at it, ah! Oh fuck me so hard, Ram Ram!" She oozes her pre-cum over the sheets, spreading them like crazy.

The foxguy keeps at it: Ramming, slamming, and shoving beyond belief! He pants on the woman's neck, giggling. He mewls alongside her, fondling her melon.

"You like that, huh?" he whispers into her ear. "You like when a man pegs your ass, don't you?"

"Mmm, yes!"

Her cock twitches.

"You like when your hole gets battered by a mere dildo, don't you?"

"Yes!"

Her climax creeps, her cock sprinkling more and more pres.

The man smirks deviously. "You like when you get **absolutely FUCKING rawdog** by an inauthentic dick," he moves his hips back. "Don't—" slams forward. "YOU!?"

Rammy gasps.

"OH FUCK, YESSSSSSSSSS!!! AAAAAAAAAAAAAAAAAAAHHHHHH!!!"

The woman jets her seeds across the bedsheets, her tongue hanging loose in pure bliss.

The man gropes her tit more, fondling in satisfaction. He purrs, kissing Rammy's cheek.

"Good~" He licks her. "Cum as much as you please."

The Zoroark blushes, purring back. "Ehehehe...~" After a couple more cum, the guy Zoroark pulls his dildo out, leaving the lady one in place.

He takes his strap-on off: Throwing the dildo with the others. “Welp.” Snapping his fingers, his cum-coated pussy shifts into a cum-coated dick, the fox rubbing. “Let’s give you the real deal, shall we?”

The woman turns towards his dick: Licking her lips. “Yeah.” She looks into his eyes, grinning deviously. “Fuck me up again, Ram Ram~”

Rammy grins back, moaning. “Will do~”

As the two proceed to have sex, the orb radiates stronger before, unbeknownst to them.

SWISH!

...

Female Rammy moans and moans: Her tits bouncing, her cock flailing—she is clinging onto male Rammy, squirming in happiness. The man slams and rams into her ass, being in a mastery position. The duo are by the edge of the bed, facing towards the steadily glowing orb while still fucking nonstop.

How didn’t they notice the mysterious thing at this point? Who knows.

Rammy wraps her legs around the other, the futa patting his head.

“That’s it! Just like that, ah!” she shouts, feeling the knot jamming in and out of her with ease.

Male Rammy plants his face between her tits, grinning up at her. He thrusts, grinding along those tight walls in lovely embrace.

“Mmm.” He squeezes the woman’s buns, purring. “Despite the many dildos I’ve used, you’re still tight as all hell.” Snorts. “How delightful.”

“I could, mmm, say the same for your ass when I fucked it earlier, haha.” Rammy sighs, oozing out pre-seeds all over her partner. “Mmm~”

The guy curls his toes, growling with glee. “Figures.” After releasing his own pre-cum, he increases the pace: His balls slapping and clapping against her booty, wobbling like jello.

The lady squeals, her dick hitting their stomach nonstop.

“Mmm! Fuck me, you feel so good!” She strokes the back of his head, shivering. “Ah!”

“Ngh. Fuck, I’m getting close cuz of how tight this is.” His dick twitches, ramming and slamming all around the Zoroark’s insides. The woman moans and moans, her toes curling in ecstasies.

“Oh fuck! Oh god!” She bites her lower lip. “A-Ah!”

Rammy then shoves her right tit into his maw, sucking. “Mmmf!”

The lady kitsune gasps, cumming all over her and her partner.

“**AAAAAAAAAAAAH!!! FUCK!**” she exclaims, rolling her eyes up in bliss.

Rammy slams deeply into her: Releasing his heavy loads of cum while moaning. Some of those lovely batters ooze out of his partner, coating her asscheeks along with the sheets in a waterfall manner—some even splashing across the floor, too!

The lady Rammy shivers, embracing the lovely mess.

“A-Aaah...~!”

“M-Mmmf...~!”

The guy Rammy pulls his cock out: A whole buttload of cum splash out of the hole in ridiculousness, the fox bringing his head back. His tongue hangs, feeling like he’s having hearts for eyes.

“Aah...” Is all the Rammys can utter, both eyeing each other.

SWISH!

The orb pulsates: Loudly this time.

The duo is about to question it, but decides to make out instead: Tongues wrestling, hairs groping. Rammy’s cum-coated cock reverts back to its pussy state as she keeps kissing the male.

“Mmf, god you’re amazing,” she says.

“Mmf, same to you two,” he says.

And then—

WOOSH!

“Mmm?”

The two slowly eyes at the orb at long last: Lips still in place.

The orb has transformed into a mere portal, having wavy futuristic look to it. It sizzles and wobbles, mystique circulating around it.

“A...portal?” Rammy asks after pulling away from the kiss. “What’s it doing here?”

The lady fox shrugs. “I have no clue.”

Before the two can question further, a piece of paper materializes beside them. The woman picks it up, blinking.

“What is it?” the man asks.

“...A letter, it seems.” The kitsune tilts her head, humming. “I’ll read it.”

Rammy nods before letting his counterpart read the following,

“Dear, Rammy Sonets! Who I am will become irrelevant by the end of this letter. All you need to know is that you’ve passed the Screwing Oneself trial with flying colors! Bravo: You’ve satisfied MANY viewers in the Reality realm, truly enticing them with such magnificent performances such as the male letting himself get pegged along with ending it off with a sex-changing twist!”

The note continues,

“It has been an honor—a PRIVILEGED, to broadcast this sophisticated event for the audience to indulge.”

“Viewers? Reality realm?” Rammy tilts his head. “What’s this individual on about?”

“I don’t know. Perhaps we’ll find our answers if I keep reading?” the other Rammy suggests.

“Fair enough.”

The note persists,

“With that said, you’ll have to return back to your world just so both the Reality and Fantasy realm, the latter

you two reside in, doesn't eradicate themselves from existence. This also means that you two will forget about what happened here, unfortunately."

"..." The two Zoroarks eye each other with distress. (YIKES!)

BOOM!

The cabin rumbles, Rammy almost sliding off before her male version saves her. She sighs in relief.

"Thanks." She gazes off to the side, frowning. "We'll...forget that we ever met?" A twinge of sorrow sparks in her tone, her ears lowering.

The other fox lowers his ears as well, sighing. "Yeah. That...blows. And not even in a sexy way, haha...Hah."

The woman looks back at the letter. "There's still more here. Let me keep reading."

The note extends,

"Apologies if all of this is upsetting, but I must do this for the sake of both realms. They can also cease to exist if someone from the Fantasy realm remembers the Void Pleasure Zone. Why this rule doesn't apply towards those from the Reality realm is beyond my understanding. All I know is that a Fantasy realmer remembering this event WILL endanger everything, thus they must forget."

(I see...) the duo thinks.

"It's ashamed I have to do this. You two clicked with each other so phenomenally, which is to be expected since you two ARE each other. But regardless: It breaks my heart along with many viewers to see you forget about this event. With the sex being done, this Void will collapse and reshape itself for the next candidate."

RUMBLE!

The room shakes, the two yapping as they fall off.

"OOF!"

The two stand up before the female Rammy gaze over the letter, reading:

"I advise not remaining in the Void any longer. You'll risk being erased from existence during collapse if you do."

"Duly noted," the woman says, gnashing her teeth.

"Once again, I'm sorry that it has come to this. But look at it this way: Someday, somewhere, in the distant future, in another life or two—you'll meet each other again. With that said: Merry Christmas."

The note ends itself with the following: *"Sincerely, Anyone."*

Rammy blinks. "Their name is 'Anyone'?"

The other Rammy shrugs. "Could be an allegory on being literally anyone, I guess."

The room quakes again, the portal sizzling and swirling in place. The Rammys yelp, turning towards the portal.

The woman sighs. "I don't think this 'Anyone' is bluffing everything they said either, so..." She walks forward for a moment before stopping, facing Rammy. "Since we won't be remembering each other from this point on, I just got to say," smiling, she closes her eyes. "It was nice getting to meet and fuck you, Rammy."

The male Zoroark smiles back. "Yeah...Same here, Rammy." He gets close to her, staring down. "Same here..."

The female Zoroark notices the dreary look, caressing his cheek. "I know. I'm...sadden that we'll forget about

our time together, too..."

The two remain quiet: The cabin quaking ever so slightly.

Rammy then perks up. "How about this: One more sweet, sloppy, and *passionate* kiss for the road?" she suggests, gazing with seductiveness.

"Hmm..." The cabin rumbles again, the dressers and bed starts fading. The man sighs, his hand resting on the woman's cheek. "Sure...Why not~?"

"Heh. I knew you'd agree."

The woman presses her breasts against Rammy's chest, her hands resting on his ass. He does the same to her: The foxes groping each other's voluptuous assets as they kiss, their eyes closing with serenity...*despite* the quaking Void, of course.

"Mmm." Rammy moans, a single tear sliding down his cheek.

"Mmm." Rammy moans back, a single tear sliding down her cheek.

After what feels like minutes, the two pull back: Saliva trailing, smiles exchanging.

"Let's get out of here together," the fox suggests, holding the other's hand.

"Good idea, Me."

And thus, the duo walks into the portal, the room crumbling further and further. The portal zaps itself, finally letting the cabin—

THOOM!

Implode.

...

"This Christmas Party is going to be sick!" Alcyone the ghost states, floating around Rammy along with two more of his friends: Joseph the human and Noah the Braixen. Everyone is at their neighborhood, Soothern Creek: Traveling on the sidewalk peacefully. "I can imagine the whole gang being there: Krimson, Ixaka and Dash, Millo, Aosyn, Katherine, Carrie, Silther, Tenos, and Billy too!"

The humanoid tilts her head. "That's all of them, right?"

Noah pokes his fingers together. "And Lupus, too?"

Alcyone *salivates* at the mention of his name. "That hunk of a werewolf dad-bod? Hell yeah!"

Joseph quirks his brow, smiling while having his hands in his pockets. "Let me guess: You told him there's going a bunch of ice cubes at the party, huh?"

"DUH!" The pale ghost snorts. "He's a sucker for those, remember?"

"No kidding, haha." Rammy snorts, his hands behind his flowing hair. "I still remember going to a restaurant with him, and the big goofball went *straight* for the ice machine."

"Not as silly as the time he and I went to Naomi's house, where he *ate* all of the ice cubes meant for her parents' beer cooler." Joseph laughs, the dark-skinned human covering his belly. "I still think about that moment till this day, dude. It's hilarious."

Noah giggles behind his hand, sticking close to Rammy. "That man's fascination for ice cubes never cease to amaze me."

Joseph chuckles. "I feel ya. Like who would've thought a nature loving werewolf would be this into something as simple as ice cubes, right?"

"Hehe." Rammy closes his eyes, smiling. "Gotta love how even the simplest of things can be one's greatest interest."

Alcyone flips upside down, soaring. "True!"

"OOF!"

Rammy grunts: He and someone else fall onto their behinds, both rubbing their heads.

"Ah, sorry. I didn't mean to bump into you like that!" the person says in a light, feminine tone.

Rammy opens his eyes. "It's fine. I just didn't...quite...see..." He gazes: A female Zoroark lying there, wearing a blue shirt and red shorts. Her turquoise eyes look back at Rammy's, awaiting him to finish his sentence. "You..."

The lady kitsune flicks her ears, tilting her head. "Is something the matter?"

Rammy's friends eye him, all gazing into curiosity. The Zoroark stares at the fox for what feels like mere minutes, shaking his head. "Ah. Apologies. I just, uh—" he chuckles softly, caressing his arm. "Dozed off for a moment, that's all."

"Oh." The other Zoroark gets up. "It's alright. It happens sometimes, haha." She walks past the group. "Hope you have a good one!"

Rammy gazes at the Zoroark, intrigue plastering him. "You too!" He soon stands, walking ahead. The others catch up.

"What was that about?" Joseph asks.

"Hmm?" Rammy's ears flicker. "Ah...It was nothing. Just daydreamed for a bit there, that's all."

"Oh." The man sighs in relief. "Dude, I thought you were going through a phase or something."

"Y-Yeah." Noah clings close to the fox. "Thankfully that's not the case."

Alcyone waves her hand around. "Oh please! If he *was* going through a phase, then we all know it's because I was possessing him to act as such." She snickers behind her hands, floating in front of the group.

Joseph pouts. "Hey, man! That ain't funny! I legit thought he was going through something bad."

The ghost girl twirls her black hair. "Oh I'd know." She lays her hands by her hips, smirking while closing her eyes. "I'm a ghost, after all. I can sense negative vibes, in a way~"

The human huffs. "Fair enough, I guess."

As the group continues their chatter, Rammy stares off at the road, succumbing to thoughts. (That woman...) He then looks back ahead. (Feels like I know her before...But at the same time, I don't. Bizarre, but...) Smiles. (I feel comfort when I saw her, for some reason.)

The other Zoroark continues on her path, hands being in her pockets, eyeing multiple houses she passes by. She then stops, looking back at the friendly group.

(Huh...) Blinks. (I weirdly feel happy bumping into him, like I've met him before or something.) She looks down for a moment, succumbing to further thoughts. (Hmm...)
